C. E. Bilheimer Retires As College Athletic Director; Henry Bream To Succeed Him

Retirement of C. E. Bilheimer, athletic director and head of the Physical Education department at Gettysburg College, was announced today by Dr. Walter C. Langsam, president. The appointment of Henry T. Bream, at present associate director of athletics and basketball and baseball coach, to succeed Mr. Bilheimer also was announced. Both changes will become effective June 30.

"Gettysburg College will always be grateful to Mr. Bilheimer for the more than a quarter century of effective service which he gave in developing intercollegiate athletics, intramural sports, and physical education on the campus," Dr. Langsam said. "The many outstanding coaches and others in the sports world from the college's alumni ranks stand as testimony to the untiring efforts which he devoted to the college physical education program."

"Coach Bream is well known in the sports world not only for the quality of the teams which he has turned out but for the fine sense of sportsmanship and fair play which he teaches his teams. We feel he is excellently qualified to carry on the great athletic tradition of which Gettysburg College is justly proud."

Came Here In 1927
Mr. Bilheimer was named head of the Gettysburg College Physical Education department in 1927. Prior to that time he was coach and instructor of mathematics and physics at York College Institute, York, and of York High School.

He is a graduate of the Engineering School of Lehigh University where he was an outstanding football player. He also participated in other sports.

Outside of "taking it easy for a time," Mr. Bilheimer announced no definite plans for the future. In retiring he said, "I deeply appreciate the great honor to have had the privilege of being a member of the Gettysburg College faculty and of serving as head of the Department of Physical Education during the past 26 years. It afforded me a great opportunity to make enduring friendships in athletics and other fields. If I have made any contribution to college athletics in general or to Gettysburg College in particular, time will tell this."

"I wish to congratulate Henry Bream on being selected to succeed me. He has rendered real service to his Alma Mater and richly deserves this appointment. I am confident that all those interested in Gettysburg College athletics will give him their honest support."

Communist Truce Negotiators Suggest Asiatic Neutral For Detention Of 50,000 Prisoners

MUNSAN (AP)—Communist truce negotiators suggested today that 50,000 Allied-held war prisoners who do not want to go home be sent to an unnamed neutral nation in Asia. The Reds also agreed to bargain on the time needed to determine their future.

"I think we made some progress," said Lt. Gen. William K. Harrison, chief U. N. negotiator. "At least they are not adamant on the time prisoners are to be held in custody."

While the Communists did not name a neutral, there were unofficial reports the Reds would nominate India. Observers predicted U. N. negotiators would agree. The Communists have rejected Switzerland as a neutral.

Three Major Points

At the end of a 64-minute session at Panmunjom the three major points of dispute appeared to shape up like this:

1. The Communists indicated they were ready to bargain on the

CHAPTER NAMES MISS SPANGLER "GIRL OF YEAR"

Miss Helen Spangler was named "Girl of the Year" by the Epsilon Delta Chapter and the Xi Alpha Chi Chapter of the Beta Sigma Phi Sorority at the Founder's Day and 22nd Anniversary Dinner held at the Hotel Gettysburg Tuesday evening at 6:30 o'clock. Miss Spangler is the first vice president of the Epsilon Delta Chapter.

Miss Janet Muzzey, Hanover, was named "Girl of the Year" by the Hanover Chapter. Both she and Miss Spangler received pins and certificates.

Walter W. Ross, Kansas City, Mo., founder of the national Beta Sigma Phi Sorority, and guest speaker, in discussing the sorority's motto, "Life, Learning and Friendship," declared that "the gifts you have given to the world through your organization have been given to life. Beta Sigma Phi helps to support Girl's Town, a magnificent project. One of the happiest things I have heard in a long time is that the international loan set up by the sorority once saved a baby's life . . . best of all, the greatest gift to life that you are giving is the gift of yourself."

"Learning is another part of the motto," he said. "The group was first an intellectual organization. Obstacles which have come into your path have seemed to help rather than hinder its growth. I believe the approach to the secret of the Iron Curtain may ultimately be won by an intellectual battle. Education, culture, and the source of light, is unlimited. You can learn not only from those you know and love within the chapter but from those beyond the chapter."

Formula For Friendship

"You have an amazing formula for friendship," declared Mr. Ross. "There is a language of give and take within the organization. Take time out to meet new friends. Each time you meet a new personality, you start an adventure into friendship." The speaker read a poem on "Friendship" in which he stated

Mount Students Will Continue Century Old Custom When They Attend Mass At Shrine Friday

On Friday 600 collegians and seminarians at Mount St. Mary's College, Emmitsburg, will continue one of the oldest religious traditions in the United States when they make their annual pilgrimage to the grotto of "Our Lady on the Mountain" that tops the college campus. There, as they have done annually since the founding of the college in 1808, the combined student body of seminary and college will attend Mass offered by the Rt. Rev. Msgr. John L. Sheridan, president of the college, in honor of Our Lady, the patron of the college and the United States, to dedicate themselves anew "to honorable service to Church and Country."

Rich In Tradition

The chapel on the mountain and the grotto are rich in Mountaineer tradition, for it was here that Fr. John DuBois first had his vision of founding the college. Wearing after a hard day in the dispatch of his parish duties, DuBois was

attracted by a light on the mountainside and, thinking it a settler's residence, hoped to find food and rest. Unable to find any building, DuBois stopped on the hillside to rest himself beside a mountain brook. As his thoughts wandered far afield, Fr. DuBois idly shaped a few twigs into a cross. As he rose to leave, he first placed the cross in the crotch of the lowest tree. This tree in its decadence was later the original grotto — one of the oldest such in the United States and the result of DuBois' meditation beneath it Mount St. Mary's College.

Clears Area For Church

This spot now bears the chapel in which Mass will be celebrated on the first day of May for the students of the seminary and college.

It was this area in the Blue Ridge Mountains that DuBois first cleared a spot for a church in 1805. Soon after, in 1808, the first buildings of Mount St. Mary's

COUNTY RECORD IN BOND BUYING CITED TO CLUB

"During World War II, from December, 1941, through December, 1945, a total of \$5,482,000 worth of war bonds were purchased in Adams County," Chester Byers, Littlestown State Bank, president of the Adams County Bankers Association, told members of the Exchange Club Tuesday night in a talk on bond sales at the club's weekly dinner meeting at Banker's Restaurant.

Adams County, according to Mr. Byers, exceeded its quotas on each of the six war bond drives, its sales being 108 per cent on the third, 133 per cent on the fourth, 131 on the fifth, 123 per cent on the sixth, 179 per cent on the seventh and 205 per cent on the Victory bond drive.

"This year, the quota for the year in Adams County is \$1,260,000," Mr. Byers said. "Against this quota purchases for the first quarter amounted to \$177,943."

Helped Win War

"We should all feel that the country's business is our business," the speaker continued. "If you have a part in a business, you will give it closer attention. If you don't look after the business, the business will run you. Through the purchase of government bonds we are all partners in the greatest country on the face of the earth."

Says Chinese Sprayed U.S. Wounded With Bullets And Bayoneted Many Survivors

TOKYO (AP)—A repatriated American soldier today said Chinese troops ruthlessly sprayed 40 truckloads of wounded U. S. soldiers with burp guns, killing most of the nearly 800 helpless, screaming men.

Then the Reds bayoneted many of the survivors, Pfc. Tully Cox, 20, of Altoona, Ala., told newsmen in Tokyo Army Hospital.

Cox, a double amputee, was with the 32nd Regiment of the 7th Division during a retreat through hordes of Chinese Reds Dec. 2, 1950. He was one of about 20 men guarding the 40-truck convoy of wounded.

Suspect Juveniles In School Thefts

Chief of Police Mannard Masemer, of McShersytown, said today it is believed juveniles were responsible for a series of minor thefts and depredations at Delone Catholic High School, in which approximately \$20 was taken from the desks of the Sisters and from the office of the Rev. Fr. William Lyons, principal. Locks and door frames were damaged.

The thefts cover a period of about three weeks, Chief Masemer said, the last one on Monday night. The school was entered and locked forced on the office and classroom doors, and desks ransacked, he said. Chief Masemer said it is not known how entry was gained to the building. The investigation is being continued.

COUPLE CHARGES NEIGHBOR WITH SNIPPING WIRES ON TELEVISION

The Adams County Court today heard its first "television trial." The story, as narrated by the prosecutors in the case, Mr. and Mrs. Clair A. Moose, began with a domestic scene at the Moose home in Germany Twp., south of Littlestown. Oscar George Baughman, the defendant in the malicious mischief case, resides next to the Moose home.

At 6:30 p.m. January 22, Mr. and Mrs. Moose were in their kitchen, where their television set was placed. Mrs. Moose was drawing water preparatory to washing the dishes. Mr. Moose was reading the newspaper. Mr. Moose said he heard a "snap" and saw the television set had "gone dead."

Say Wires Cut

Mrs. Moose glanced out the window over the kitchen sink, and said she saw Mr. Baughman outside. Mr. Moose also looked out the window and said Mr. Baughman had his hand up as if touching the television wires. Then Mr. Baughman went away, and Mr. Moose, going outside, discovered the antenna and motor wires leading to the television aerial had been severed, he said.

Clarence Schroll, Littlestown television repairman, who said he went to the Moose home a few days later, told the jury that the wire had been snipped by pliers. The "teeth marks" of the pliers were on the plastic insulation, he said.

After the first visit Baughman returned later in the evening, according to the testimony. While he was "prowling" the second time Mr. and Mrs. Moose, with the lights in the house extinguished, moved from window to window, keeping track of Mr. Baughman's movements. However, Mrs. Moose said, "He didn't do anything that I could see," during this performance, except stand close to the kitchen window. Mr. and Mrs. Moose said they did not say anything to Baughman during this time, except Mr. Moose did remark about Baughman to Mrs. Moose loud enough for Mr. Baughman to hear, Mrs. Moose said.

The jury hearing the case, the

THURMONT MAN ACQUITTED OF MANSLAUGHTER

Paul Leon Freshman, 37, Thurmont, Md., was found innocent of involuntary manslaughter by an Adams County jury at noon today after about an hour and a half of deliberation.

The verdict freed Freshman of the involuntary manslaughter charge in connection with the death of two companions on Thanksgiving Day, but placed the costs of the case on him.

Freshman had been the driver of an auto which struck the Marsh Creek Bridge on the Emmitsburg Rd., early on the morning of November 27. Two companions, James Kelly and Delmar Delphrey, were fatally injured in the accident.

Doesn't Remember Accident

Freshman told the jury he could recall nothing of the accident, and by his testimony seemed to recall little that occurred before it, or after it.

Concerning Freshman's inability to recall details of the crash, Dr. Bruce N. Wolff, Warner Hospital surgeon, testified that frequently in cases of fractured skulls, where the patient is rendered unconscious, as in Freshman's case, the person loses all memory of the accident causing the fracture, and even of events for several hours preceding it. While this is not always the case, he said, it occurs frequently, "and the patient never recovers any memory of the period."

Freshman said he "got off work" at Thurmont about 7 o'clock on the night of the accident, went to his home, had dinner, went to a Thurmont taproom, met Kelly and Delphrey, and then drove them to the Lee-Meade Inn. He said he had no recollection of leaving the inn, nor of driving, nor of the crash. He said he recalled State Policeman Joseph A. VanNort being with him at the hospital, particularly on December 12, the date Freshman was discharged, but said he could not recall giving any statement to the officer.

VanNort Testifies

VanNort had previously testified to statements made by Freshman that he had definitely been the driver, "thinking Kelly was seated beside him" and as being "unable to recall the crash."

Freshman said he recalled having a bottle of beer in Thurmont, but said he didn't think he had had anything to drink at the Lee-Meade Inn. Asked if he recalled visiting the tap room of Keefer Lewis in Thurmont, or stopping for gasoline at the service station of John C. Delauter, near Thurmont, Freshman said "I must have been there but I don't recall it."

Lewis had testified that Freshman and Delphrey were in his establishment about 11:50 p.m. on the night of November 26. They had remained about five minutes, he said. Kelly ordered two bottles of beer, despite Freshman's protests that he did not want any, Lewis said. He added that neither drank his full bottle of beer. "Kelly drank about a glassful out of his and Freshman's bottle was nearly full when they left."

Delauter said Freshman, Kelly and Delphrey had "joked with me" when they stopped for gasoline at his station "sometime between 11:30 and 12:30 o'clock."

Waitress Testifies

Mrs. C. D. Mitchell, Gettysburg R. D., waitress at the Lee-Meade Inn, said she had served four "shots" of whiskey and two bottles of beer to the three men, but said she did not know which of the three drank. She said they left the inn about 1:55 o'clock on the morning of November 27 after having been at the inn "about 20 or 25 minutes."

Dr. C. G. Crist, county coroner, was the first witness. He

Out Of The Past
From the Files of the
Star and Sentinel and
The Gettysburg Times

TWENTY-FIVE YEARS AGO
Two Boys Chosen Honor Students:
For the first time in the history of Gettysburg high school, two boys have won first and second honors in the 1928 graduating class.

They are Melchior Sheeds, Gettysburg, valedictorian, and Hugh McIlhenny, Straban township, salutatorian. Both will enter Gettysburg College in the fall.

New Bell Exchange Is Inaugurated: A series of scarcely audible clicks, as the "dead plugs" were yanked from the sockets on the new switch-board of the Bell Telephone exchange in the First National bank building, put in service the new five panel common battery board and automatically put the old service board out of commission, Saturday evening. The cut over was accomplished in less than thirty seconds.

Miss Carrie Codori, chief operator, and Miss Marie Codori were the two operators at the new switchboard when the cut over was made while Miss Marie Wasserman and Miss Maude Whitehead were at the old office. Miss Bessie Linsey, of Carlisle, was overseer.

Aa a signal from the old office in the P.O.S. of A. building the change was made, Burgess C. A. Heiges at this time picked up the receiver and placed a call for Mayor Jacob Weaver, of York. The chief executives of the two neighboring towns exchanged greetings and Mayor Weaver congratulated Burgess Heiges on the latest improvement which Gettysburg had fallen heir to.

Dr. and Mrs. O'Neal Mark Golden Wedding: Dr. and Mrs. Walter O'Neal quietly observed the fiftieth anniversary of their wedding at their home on Baltimore street Monday.

Doctor and Mrs. O'Neal have one son, Dr. Alexander Hay O'Neal, now practicing at St. David's, near Philadelphia.

Bennett Dies of Pneumonia: Quebec, April 25 (AP)—Floyd Bennett, who flew over the north pole with Commander Richard E. Byrd, died this morning from double pneumonia.

Bennett's death came while his wife was near him, herself a patient in the same hospital with tonsillitis. His closest friend, Commander Byrd, was also there, having canceled all engagements and rushing here as soon as Bennett's condition became serious.

Bennett was brought here by airplane from Lake St. Agnes Sunday after being stricken while commanding an air expedition to the relief of the stranded trans-Atlantic fliers on Greenland.

Commander Byrd declared Bennett was one of the best navigators and pilots in the world.

Girl Reserves to Hold Services: A recognition service for the new members of the Girl Reserves will be held at the Presbyterian church Sunday evening, with the Rev. Edward H. Jones delivering the sermon. The girls to be admitted into membership at this service are Eleanor Shearer, Mary Ann Wisotzkey, Kathleen Black, Helen Cline, Josephine Codori, Margaret Beales, Emma Ulrich, Nancy Horn, Jessie Apple, Janet Ott, Marion Dietrick, of the Irene Reinwald Triangle club; Miss Lillian Dougherty, Miss Martha Furney, Miss Madeline Tipton and Miss Mary Waybright; of the Laurel club and Miss Aileen Irvin, Marion Miller and Miss Edith McClellan.

Mrs. Myrtle Bell, Miss Martha Larson and Miss Metta Mitchell will conduct the recognition service and will also be in charge of the candle lighting service.

Mrs. Louise B. Rogers will sing the offertory and has also trained a choir of girl reserves.

Belated Snow Storm Isolates County: Out of the north came a belated snow storm Friday night, which paralyzed normal community activities, put Gettysburg and practically all of Adams county in darkness for many hours and isolated town and county from communication with the outside world.

The damage from the storm is variously estimated at between \$100,000 and \$500,000.

Gettysburg was completely isolated when telephone and telegraph wires were carried down beneath the

Just Folks

By EDGAR A. GUEST

THE VACANT HOUSE
A vacant house depresses me!
So lifeless and so gloom
The window panes appear to be
To which no faces come.

I think I hear the doorways sigh
As I go down the way
To see the people hurrying by
And no one care to stay.

The garden, long neglected,
stands
Where beauty used to reign,
Still waiting for the tender hands
That will not come again.

There is no laughter 'neath the trees
Where children used to play;
No window flung to catch the breeze
Of every lovely day.

A shell the murmur of the sea
Will ages long retain,
But vacant houses seem to be
Poor monuments to pain.

By GEORGE MATTHEW ADAMS

THE PRICE OF THINGS

So much of life seems to evolve about the price of things. When interested in something, and with a little money heating in our pockets, we inquire "How much?" It is upon the reply that our decision is made. If the price is too much we walk away, leaving the bait to some one else!

Price always influences one way or another. If we are able to pay for that which we most want at the moment, no price is too high if it returns joy and satisfaction. It's the use and glory of things that obliterate all the memory of price. Benjamin Franklin once paid what he thought was too much for a whistle!

We pay too much for anything for which we regret having paid. Cheap, useless things are usually dear at any price. The best is always cheapest. I once bought a rug that seemed high in price, but the salesman remarked he had clients who would not buy this same rug unless he asked twice the price! He said they would not think it had the value. Habitually such people regulated their buying more on price than quality.

I was viewing a beautiful collection of etchings in a Chicago art store many years ago and remarked about the reasonable prices asked. The work was that of a new artist. I said: "These are bargains!" The dealer said: "They certainly are, but the low price drives buyers away. A woman was in here who was enthusiastic about the work, but was afraid to buy because the prices were so low. Come back a year from now," said the dealer, "and the prices will be double!"

The first published book of poems by Edgar Allan Poe came out in a mere pamphlet — yet no one wanted it. Hardly more than half a dozen copies now exist. The last one sold for \$20,000! There are two in the New York Public Library. There are some things in this world beyond price. For example — love, or integrity. The late J. P. Morgan (the Elder) once stated that he had often loaned a million dollars on no other security than character!

Tomorrow Mr. Adams will talk on the subject: "Familiarity" Protected, 1953, George Matthew Adams Service

The Lincoln highway between Gettysburg and Chambersburg was completely blocked.

Hundreds of telephone wires in Gettysburg were put out of service. The fruit crops are little damaged by freezing but many buds broken off by weight of excessively soggy snow.

Gettysburg and most of the county was in complete darkness for about five hours when power lines broke.

Difficulties: "Come Out of the Kitchen," a farce comedy, was presented under difficulties due to the storm affecting the electric light system, by the senior class of the Gettysburg high school on Friday evening. The lights failing made it necessary to use the emergency system, at the building and with the lights dimmed, the actors continued with their play. The emergency system failed just as the last person was leaving the auditorium, practically three quarters of an hour after it had been pressed into service.

Lawrence Guilty: Charles "Christy" Lawrence, of Irishtown, convicted of second degree murder Saturday night and facing a penitentiary sentence of from 10 to 20 years, slept soundly after hearing the verdict, ate heartily Sunday and gave no outward sign that the conviction worried him, Sheriff G. D. Morrison said.

Judge D. P. McPherson, who presided during Lawrence's trial for the mauling murder of John L. Lawrence Sr., also of Irishtown, on the night of February 4, has not said when he will call the convicted man before him for sentence.

The courtroom filled rapidly after the ringing of the court house bell informed residents that the jury was

IKE, ADVISERS
AGREE ON SIX
BILLION IN AID

WASHINGTON (AP)—President Eisenhower and his top advisers have tentatively approved a foreign aid budget calling for slightly more than six billion dollars for the coming fiscal year.

Responsible officials who reported this today said the National Security Council laid out a program of that size at a White House meeting yesterday.

The final figure to be asked from Congress for the year starting July 1 has not been finally determined. A program ranging between \$6,000,000,000 is now in prospect, said these officials, asking not to be named.

Special Request
The White House is drafting a special request to be sent to Congress within a week. The final figure will be inserted within the next few days after final conferences among top defense, State Department and military aid chiefs.

Without reference to these specific figures, Sen. Bridges (R-NH) said today foreign aid spending must bear a "proportionate" share in budget cuts. He indicated that figure might be from 2½ billion dollars under the \$7,600,000,000 which former President Truman said in his farewell budget was the minimum amount Congress should appropriate to guarantee Western security against communism.

Convinced Of Need
Even a foreign aid program of \$6,100,000,000—1½ billions under that—would represent considerably more than top Republican planners thought was needed a week ago. Key officials then said they believed the sum could be held to about \$5,600,000,000. The amount voted for the present year was about six billions.

Intensive review of world conditions in the past week, officials said, convinced Eisenhower and his aides of a need for a bigger sum.

GOP ECONOMY IS
NEAR BILLION
DOLLAR MARK

WASHINGTON (AP)—A Republican drive to cut as much as 10 billion dollars from new appropriations for fiscal year 1954 was near the billion dollar mark today, with two annual money bills cleared by the House.

The second departmental appropriation measure skimmied through yesterday, to be followed later this week by House action on another budget measure to finance the State, Justice and Commerce Departments.

None of the bills has been acted on by the Senate, which could, of course, restore some of the cuts or trim even deeper.

Big Cut For Interior
Yesterday's action was on a bill carrying \$406,130,343 for the Interior Department for the fiscal year starting July 1. This is \$201,206,057 less than former President Truman requested in his budget in January.

Last week the House sent to the Senate a bill to appropriate \$451,020,493 for 23 independent agencies. This was a cut of \$721,423,697 from the Truman figures.

In both cases, the House sustained generally the money recommendation of its appropriations committee.

SUPREME COURT
SAYS LITIGATION
SOCIETY'S PRICE

WASHINGTON (AP)—The Supreme Court says persons improperly denied permits to make addresses in public should sue for permission, instead of just going ahead with their speeches.

Justice Reed, in the high tribunals opinion announced Monday, said delay, expense and annoyance of litigation in such cases "is the price citizens must pay for life in an orderly society."

The court's decision upheld a \$20 Reed asserted the guarantees given by the U. S. Constitution do not amount to "a promise that everyone with opinions or beliefs to express may gather around him at any public place and at any time a group for discussion or instruction."

The high tribunal said Portsmouth's permit requirement was valid but that Poulos was unlawfully refused a permit by the City Council. Therefore, it concluded, Poulos should have sued in State Court to compel issuance of a permit.

The high court's vote was 7-2, with dissenting opinions by Justices Black and Douglas.

In other actions on Monday the court:

1. Disbarred from practice before it Alger Hiss, the former State Department official who is serving a prison term for perjury. It also refused to review Hiss' unsuccessful effort to win a new trial on the perjury charge. The vote in both actions was 6-0, with Justices Reed, Frankfurter and Clark disqualifying themselves. Reed and Frankfurter testified as character witnesses in Hiss' first trial. Clark was attorney general when Hiss was prosecuted.

Seminary To D. C.

WASHINGTON, April 28 (AP)—Bishop G. Bromley Oxnam has approval of a plan to move Westminster Theological Seminary here from its present site on the Western Maryland College campus.

He said the date of change depends on whether money is obtained from large foundations to finance construction of a two million dollar plant.

Moving the seminary to the American University campus. Oxnam said, would make it clear that "religion will be at the center of the enterprise" at the Methodist institution. The university's board of trustees approved the plan on April 18.

Mason Admits He
Stole Secret Plans

WASHINGTON (AP)—Thad Mason, a self-identified former Communist spy, testified Tuesday that he stole secret U. S. plans for a military diesel engine during World War II.

The witness, who is from Wallington, N. J., said the thefts were from a General Motors plant in Cleveland, O., and not from a Detroit plant of General Motors as reported previously by the Senate Internal Security Subcommittee before which he testified.

Mason said he stole the plans one by one from files of the inspection division, and smuggled them to fellow spies who worked as a cook and "second assistant dishwasher" in the plant's cafeteria. The plans then were photographed in a secret hideout in the basement of the cafeteria, he said.

SPEED TESTS
FOR CLUES IN
GIRL'S MURDER

PHILADELPHIA (AP)—Pathologists speeded completion of a report Tuesday for possible clues in the death of a 24-year-old Philadelphia girl whose body was found last Friday stuffed in a duffel bag in a shallow creek near Mays Landing, N. J.

Doctor O. Edwin Owen, chief pathologist at Osteopathic Hospital where tests were made on the victim's vital organs, declined to comment on a report that Miss Gloria Bozzelli may have been slain only hours after she disappeared from her home last April 9.

After a preliminary examination of the young woman's body last Saturday, Dr. Thomas R. Pettings, Atlantic County, N. J., physician, said Miss Bozzelli probably had

been dead between four and seven days. But the physician emphasized that his estimate was subject to revision following a more thorough pathological examination.

Examine Bag, Clothes

New Jersey state police continued another phase of the investigation, conducting tests at their West Trenton laboratory on the duffel bag and on the clothing Miss Bozzelli wore at the time of her death.

Capt. James A. Kelly, head of the Philadelphia homicide squad, said there was no foundation to an earlier police report the duffel bag was identified as one belonging to the victim's brother, Marine Cpl. Robert Bozzelli. Stationed at Camp Pendleton, Calif., the young marine arrived in Philadelphia on an emergency leave Monday.

Rookie pitcher Miguel (Mike) Fornieles of the Chicago White Sox hails from Havana, Cuba. He made his major league hurling debut last Sept. 2 by pitching a one-hitter against the Philadelphia Athletics. The score was 5-0.

Browns And Yankees Engage In Free-For-All In Riotous Scene In St. Louis; Yanks Win

By JOE REICHLER
AP Sports Writer

Baseball was recovering from a hangover today following as wild and woolly a night as ever took place in the major leagues.

In St. Louis, the Browns and Yankees engaged in a free-for-all, and the fans bombarded the players with pop bottles and beer cans in the most riotous diamond scene since the final game of the 1934 World Series. After order was restored, the Yankees tripped the Browns, 7-6, to regain the lead in the American League.

In Philadelphia, the St. Louis Cardinals snapped the Phillies' eight-game winning streak with a 6-5 victory as the Redbirds' Peanuts Lowrey came through for the fifth straight time in a pinch-hit role. Each side used five pitchers.

Shantz Stops Indians

In Cleveland, Bobby Shantz proved he was back on the beam, pitching and batting the Philadelphia Athletics to a 3-2 triumph over the Indians. Shantz spun an eight-hitter and drove in two runs to end the Indians' five-game winning streak and knock them out of first place.

In Chicago, Washington outfielder Jim Busby racked up his second straight four-hit day but it failed to prevent the White Sox from nipping the Senators, 5-4. Cuban Mike Fornieles, traded away from Washington last winter, earned the decision over his former mates. Fifteen Washington runners were left on base.

Lefty Maurice McDermott pitched a three-hitter as he twirled the Boston Red Sox to a 2-0 victory over the Detroit Tigers.

In Brooklyn, southpaw Kenny Raffensberger of Cincinnati tried for the 20th time since 1944 to defeat the Dodgers in a starting role—and failed for the 20th time—as Preacher Roe hurled the Brooks to a 5-1 triumph over the Redlegs. It was Brooklyn's 32nd success over Raffy in 40 decisions.

Four Straight For Cubs

In New York, the Giants collected 10 hits and drew four walks off right-hander Max Surkont but could score only one run as the Milwaukee Braves whipped Leo Durocher's darlings, 4-1. The Braves made only six hits but four went for extra bases.

In Pittsburgh, 43-year-old Dutch Leonard, oldest player in the National League, retired three fuff-zed Pirates in a brilliant ninth-inning relief job to preserve the Chicago Cubs' 5-3 win. It was the Cubs' fourth straight victory and it moved them to within a game and a half of the National League-leading Phillies.

The Yankee-Browns free-for-all developed when St. Louis catcher Clint Courtney, an ex-Yankee, singled in the 10th, tried to stretch it into a double and slid hard into Phil Rizzuto, upsetting the Yankee shortstop. Yankee second baseman Billy Martin, an old antagonist of Courtney's, followed by slugging the Browns catcher. Players from both benches swarmed out on the field and a free-for-all followed.

Yanks Win In 10th

The game was delayed 17 minutes as numerous fans among the 13,463 cash customers began hurling bottles, cans and other missiles, most of them directed at Yankee left fielder Gene Woodling, their nearest target. It took an appeal from St. Louis Manager Marty Marion over the public address system to quiet the fans.

No player was ejected but Chief Umpire Bill Summers threatened to forfeit the game to New York unless order was restored.

The Yankees won the game in the top of the 10th when Gil McDougald, on second following a double, raced all the way home on a force play at second. The throw from Bill Hunter to the plate had him beaten but McDougald crashed into Courtney, knocked the glasses off the catcher's face and the ball out of his hands. The fiery Courtney, who engaged in a couple of battles with Yankee players last summer, retaliated by crashing into Rizzuto a few moments later.

GRADE SCHOOL

Bange and John Z. Barton being the three bidders.

The proposed school, to be located on school property at Berlin St. and Berlin Rd., will provide space for 480 elementary students in its 16 classrooms. It will also have a cafeteria, health room, special education room, a general purpose room and other offices and utility rooms.

President George Meckley presided at the meeting of the authority, which will meet again at the call of the president to determine which, if any, of the bids to accept.

Biglerville Host For Meet Tonight

Another track meet under the lights is scheduled for this evening at 7 o'clock at Biglerville High School.

In addition to the Cannons, Chambersburg and Washington Township will take part in the triangular affair.

Last week Biglerville defeated Dallastown in a dual meet.

HANOVER TRIPS DELONE 3-2 IN EXTRA INNINGS

Hanover High School's athletic team over Delone continued Tuesday as the Nighthawk baseball team pushed over a run in the top half of the ninth inning to gain a 3-2 victory on the Brushtown diamond, home field for the Squires.

The Hawks broke the 2-2 deadlock when Leister reached base on an error, went to second base on a passed ball and scored on Sandruck's single to left.

Delone tallied his runs in the second inning. Bevenour walked, Zeigler reached base on an error and Funk singled to load the sacks. Bevenour and Zeigler were nipped at the plate on fielders' choices but Funk and Greenholt scored after Bair reached base on a double error.

Hanover knotted the count in the top of the fourth when Leister and Sandruck were saved via errors and both tallied on Hoover's hit.

In the fourth, seventh and eighth innings Delone had runners on second and third bases but could not push over a run.

Delone will meet Westminster at Brushtown Friday.

FAVORS BEER AT BALL PARKS

HARRISBURG (P)—The sale of beer at major league ball parks would be permissible under terms of a new bill in the Senate.

Sponsored by Sens. John H. Dent (D—Westmoreland) and Francis P. McCusker (R—Philadelphia), the measure would limit issuance of beer licenses to ball parks capable of holding 25,000 or more persons.

This would include only Philadelphia and Pittsburgh where American and National League teams operate.

Sale of beer would be limited to one concession per park and could be sold only during the baseball season in the period between a half hour before the game and a half hour after it. Sunday sales would not be permitted.

If approved, the measure would take effect June 1. It went to the Senate Law and Order Committee, headed by Sen. A. H. Letzler (R—Clearfield) for study.

Thirteen errors by the losers contributed heavily to the lopsided score. The win was the 23rd in a row for Boiling Springs over a two-year span.

Littlestown remained one-half game back of the leaders by pounding out a 13-5 win over Newville on the Thunderbolts' diamond. Six runs in the fifth frame sewed up the victory. Shovaker, Littlestown hurler, gave up but three hits and struck out six.

Paul Slaybaugh, Biglerville hurler, turned in another brilliant performance as the Cannons shellacked winless East Berlin 20-0 at Biglerville, 13 runs in the sixth inning making a complete rout of the game. Slaybaugh allowed but one hit, a single by Ensor in the third frame, and fanned 15 batsmen. Baker and McKinney each secured three hits for Biglerville.

Fairfield capped a 12-3 decision at New Oxford as Dick George scattered six hits and whiffed 10. Sanders rapped out four hits for the winners including a double. Hoover collected three hits for the losers.

ultimate disposition, under the Communist proposal, would be delegated to a political conference.

Return 500 More

"There's no real solution to the problem if it ever gets to a political conference," Harrison said, because the prisoners then would have to accept repatriation or continue indefinitely in captivity. The negotiators will meet again at 11 a. m. Thursday.

Meanwhile, the U. N. Command returned to the Communist Wednesday another 500 sick and wounded North Korean prisoners. It said 500 more would be returned Thursday, including 375 civilian internees. These will be the first Communist civilians freed since the exchange of disabled captives began April 20.

LONDON (P)—A Foreign Office spokesman said Tuesday Foreign Secretary Anthony Eden will undergo a second operation within a day or two.

Eden's doctors advised the operation in view of persistent jaundice. He was operated on April 12 at the London Clinic for the removal of gallstones. His recovery has been slow.

NATIVE DANCER STILL FAVORED IN DERBY FIELD

LOUISVILLE (P)—A Dark Star cast a shadow over the Kentucky Derby horizon today but failed to dim prospects of Native Dancer and Correspondent as the two horses most likely to succeed in Saturday's 79th running of the \$100,000 added three-year-old turf classic.

When Dark Star from Harry F. Guggenheim's New York-owned Cain Hoy Stable came pounding down the stretch to win yesterday's mile Derby trial in the time of 1:36, there was much talk among trainers and owners.

But it was mostly talk, for it was difficult to find anybody who would predict the Cain Hoy colt might be able to give the Dancer or Correspondent a serious argument when the distance lengthens to a mile and one-quarter Saturday.

May Be 14 In Field

Dark Star, a son of the imported Australian stallion, Royal Gem II, finished four and one-half lengths in front of Money Broker, owned by the Detroit combination of Alie Grissom and Ed Grosefield. Spy Defense from Charles T. Fisher's Dixiana Stable was another two and three-quarter lengths back, just a nose in front of the fast closing Royal Bay Gen, also sired by Royal Gem II.

And when all of the shouting was over and the trainers had looked over their charges, the prospective Derby field added up to 14. Two or three of these still are on the doubtful list, depending on word from their owners and how they react tomorrow.

Native Dancer Favored

Native Dancer, who'll have his final workout tomorrow, heads the field as the probable odds-on selection. Trainer Bill Winfrey may decide to send Social Outcast along with the unbeaten Dancer. Correspondent is the solid second choice at around 4 to 1 with Royal Bay Gem and Dark Star the likely co-favorites at odds around 8 to 1.

Other prospective starters are Straight Face, Invigorator, Money Broker, Spy Defense, Ace Destroyer, Mr. Paradise, Hit The Spot, Curragh King and Ram O' War.

He received the master of sacred theology degree from the ministerial school in Philadelphia. The Carlisle pastor has held pastorates in Reading, Pa.; Willow Grove, Pa.; Lititz, Pa.; and Richmond, Va. From October, 1942, to November, 1945, he was a chaplain in the United States Navy. His wartime service took him to the South Pacific with the 11th Seabees. In January, 1946, he took the Carlisle charge. He is a member of the Board of Directors of Gettysburg Seminary.

Mr. Byers was introduced by Robert P. Snyder, president of the club, who presided at the meeting.

Hurls No-Hitter

Marlin "Skip" Fisel, ace right-hander of the Gettysburg High School baseball team, turned in his finest performance last Friday when he pitched a no-hit no-run game against Shippensburg to win 14-0. He struck out 14 and permitted only two batters to reach base, both via walks. Fisel is expected to hurl Thursday when the Warriors play at Chambersburg. An all-around athlete and a senior, he is a son of Borough Officer and Mrs. Ralph Fisel, Baltimore, St.

SALONS SURVEY TRACK BETTING

HARRISBURG (P)—A House subcommittee started a survey today of pari-mutuel operations in surrounding states as an aid in deciding whether legalized horse race betting should be put to a vote in Pennsylvania.

The House Law and Order Committee, considering a bill for a referendum on the question of legalizing pari-mutuel betting at race tracks, set up the subcommittee yesterday.

Seek Operation Cost

The group is headed by Rep. Clarence G. Stoner (R—Cumberland) who said the survey should members are Reps. James K. Davis (R—Forest) and William J. Reidenbach (D—Lackawanna).

Rep. T. Luke Toomey (R—Perry), chairman of the Law and Order Committee, said some of the 17 members of the committee desired information on the annual revenue, attendance and cost of operating tracks in New York, New Jersey and Maryland, among other states, before voting on the pending legislation.

Naming of the subcommittee, Toomey said, probably prevented defeat of the measure in committee. Similar legislation has failed of passage in past sessions of the Legislature.

ED MATHEWS OF BRAVES HAS BIG LEAD IN HR RACE

PITTSBURGH (P)—Ralph Kiner and Hank Sauer, co-holders of the National League home run crown, agree on one thing—Ed Mathews of the Milwaukee Braves may be the king in 1953.

The 22-year-old infielder is off to a flying start with six round-trippers in nine games. Sauer has one and Kiner two.

"He's got great capabilities," said Sauer in a chat with the Pittsburgh Pirates' outfielder. "Ever see him swing? He can really pound that ball."

Blame Cold Weather

Kiner, who matched Sauer with 37 home runs last season, figures Mathews will give every pitcher in the league plenty of trouble.

Said Kiner: "Anybody who can hit 25 home runs in his first season in the major league is a potential threat. He's a natural long-ball hitter. He's off to a great start this year and that's more than I can say for Hank and myself."

Sauer, the league's most valuable player last year, blames the cold weather on his poor start and Kiner is quick to agree with the Chicago Cub outfielder.

Both Sauer and Kiner got off to slow starts in 1952 and it took several weeks before they could overhaul Mathews in the home run derby.

READING WIN STREAK ENDS

By The Associated Press

The Reading Indians still hold their spot on top of the Eastern League today but their seven-game winning streak is ended.

The Indians dropped their first game of the season against Binghamton last night in the second game of a doubleheader but only after some fine clutch pitching by the Triplets' Mike Schultz.

Schultz relieved Frank Lucas in the last of the ninth after Reading had put across two runs and had a runner on first with only one out. He then fanned Dom Della Rocca and Ronnie King to preserve a 6-4 victory.

Reading won the first game, 3-0, behind the four-hit pitching of Buddy Leo. Reading's record now is 7-1.

85 Fans At Game

Only 85 fans turned out in frigid weather at Scranton to see second-place Schenectady sweep its two-game series with the Miners, 7-3. The Blue Jays are 1½ games behind Reading, with a 4-1 record.

Elmira's Karl Spooner pitched a one-hit, 1-0 victory, over Wilkes-Barre. The Pioneers' only run came in the ninth inning when rightfielder Art Dunham dropped a two-out fly ball with the bases loaded. Bill Sherman gave up four hits for Elmira.

In the first game Doug (Goose) Gostlin held the Barons to four hits and won, 4-1. Elmira's two victories kept them in third place with a 4-2 record.

Williamsport at Albany was postponed because of cold and wet grounds.

COBB IN HOSPITAL

They reported Cobb was in "fair" condition.

Stepmother Wins Honor As American Mother Of 1953

BELLEVILLE, Ill. (P)—A stepmother who successfully reared four motherless children has been named the American Mother of 1953.

The American Mothers Committee selected for its annual honor Mrs. Ethlyn Wisegarver Bott, 58, marking the first time in its nearly 25 years it gave the award to a stepmother.

Mrs. Bott is the wife of Dr. Anthony E. Bott of Belleville and for 20 years has been mother to his four children, two sons and two daughters. All spoke of her proudly when announcement of the honor was made in New York yesterday.

"Really No Difference"

At her home here, Mrs. Bott said: "I am very, very happy and very humble. The ideals which I have followed will continue to be followed. Our family really is no different from the family next door."

A national jury of prominent women, in announcing Mrs. Bott's selection, said one testimonial in her behalf read:

"Mrs. Bott has given each of the four Bott children a mother's interest, love, encouragement and inspiration to become responsible

TAFT BREAKS FILIBUSTER ON OIL LAND BILL

WASHINGTON (P)—Republican Senate Leader Taft of Ohio has won a victory for the Eisenhower legislative program by breaking what he called a filibuster against legislation for state ownership of oil-rich submerged lands.

"Many Democrats supported the tactics Taft used to bring agreement on a final vote by 2 p. m. next Tuesday. The date was set yesterday, during the 20th day of debate, and almost immediately the Senate reverted to its normal placid course."

The agreement means that — barring unforeseen developments the Senate will pass on the agreed day a bill to establish states' title to offshore submerged lands within their historic boundaries. A somewhat similar measure has passed the House.

Monroney To Speak

Sen. Monroney (D-Okla.) was scheduled to speak when the session convened today, discussing his amendment to limit state seaward boundaries to three miles and apply federal offshore oil revenues to the national debt.

The amendment would strike directly at Texas and Florida. The pending bill recognizes their claims to three leagues—10½ miles—in the Gulf of Mexico.

An almost identical amendment by Sen. Douglas (D-Ill.) was defeated, 58-26, late yesterday. The principal difference was that Douglas would have dedicated federal revenues to educational purposes.

Taft Gets Credit

Eisenhower endorsed the principles of state ownership during last year's presidential campaign, while his Democratic opponent, former Gov. Adlai E. Stevenson of Illinois opposed it. Last Friday Eisenhower called for early passage of the measure.

Taft's determination in ordering around-the-clock sessions of the Senate, backed by other Republican chiefs, was given primary credit in breaking up talk that had occupied Senate sessions for 20 days. Cots were ordered out from the recesses of the Capitol for members to relax but still be on hand for quorum calls.

Man, 72, Is Killed When Hit By Car

SHIPPENSBURG, Pa. (P)—A 72-year-old Chambersburg man was killed here yesterday when he stepped in front of a car while crossing a street.

Franklin County Coroner S. D. Shull said Frank Shaner was killed instantly when he was hit by a car driven by Charles L. Cooper, 28, of Shippensburg.

Cooper was released without bail pending a coroner's inquest.

I. H. SCHOFIELD DIES IN CRASH

DOYLESTOWN, Pa. (P)—Isaac H. Schofield, 26-year-old son of Atty. Lemuel B. Schofield, former director of public safety in Philadelphia, was killed last night in a two-vehicle crash between Purlong and Buckingham, Bucks County.

Schofield lived in nearby Lumberville. His station wagon collided with a truck operated by John C. Gourley, 26, of Philadelphia. Gourley and two passengers in the truck — Philip Beck, 34, of Harboro, and Walter Gourley Jr., 30, Oreland — were bruised but did not require hospital treatment.

Gourley was arrested by state police and held in \$1,000 bail pending a further hearing before Justice of the Peace William Wrigley of Edison.

Schofield was manager of the Price National Corp., manufacturers of steel tanks at Harboro.

He was married but had no children.

Schofield's vehicle was demolished in the crash but the truck was only slightly damaged.

CHALLENGE TO THE INDUSTRY
-the new GMC 400-27 that
outpowers and outclasses its field

GMC's new 18,000 GVW hauler not only dwarfs trucks of 16,000 and 17,000 GVW, but overshadows—and under- prices—those rated at 19,000.

In fact, the GMC 400-27 is designed to outhaul any truck up to 19,500 GVW. Its new engine of progressive design is stripped of excess weight, yet built stronger to absorb the stress of really high compression. It gives you brisker

response, more power and mileage from regular gas.

It includes, as standard equipment, many features that are optional at extra cost on other trucks.

As a tractor—or as a truck—it can increase your hauling ability, give you impressively better equipment—and save you both purchase and operating money to boot.

130 GROSS HORSEPOWER—on money-saving single carburetor. Valve-in-head engine, 270 cubic inch displacement, 7.5 to 1 compression ratio.

2-SPEED ELECTRIC SHIFT REAR AXLE—15,000 pounds capacity, is coupled with a 4-speed Synchro-Mesh transmission, putting 8 forward speeds at the driver's command. (Single-speed axle available at a saving; 5-speed transmission optional at extra cost.)

30,000 GVW—137" or 149" wheelbase in tractors; 161", 179" or 197" wheelbase in trucks (9- and 12-foot platform or stake bodies optional).

ALSO STANDARD EQUIPMENT: 4,500 pound capacity front axle—Hydrovac-actuated brakes—Moraine M-400 main and connecting rod bearings—Tocco-hardened crankshaft.

Interesting News Of Upper Adams Countians And Their Enterprises

Fruit Belt Going Through Long, Wet Bloom Period With Cool Weather Slowing Blossoms

Adams County's fruit belt is "slowly" going through a "long, wet bloom period, with a "five to seven day spread-out" between the blossom stages on trees from the lower end of the county to its northern extremity.

Cool weather was delaying the blossom stage throughout the county, but most peach trees in the lower end were in full bloom, with the bloom stage varying from full to "not quite full bloom" in the northern end of the county. Some cherry trees were in blossom, and a few early apples were blossoming in the lower end of the

county. "One or two warm days" will bring the peach and cherry to full bloom in the county, Assistant County Agent Fred H. Attinger said. The peak of the apple blossom period was estimated by Attinger as "probably from May 5 to 12."

Special Spray Needs
The cold, wet weather is creating a number of problems in the county's orchards, Attinger said. A special apple spray letter sent to growers throughout the county observed that "wet weather occurring during the delayed dormant

and pre-pink periods caused heavy scab spore discharge and enabled unusually heavy scab infection to take place on unsprayed foliage. These infections by full bloom will produce many scab spores and these spores will cause numerous scab infections unless spray protection is maintained through bloom. The period just before petal fall in a long wet bloom period is very dangerous for scab infection."

The long blossom period is developing a need for a special spray, the letter notes. Pointing out that "during long bloom periods leaves continue to develop," the letter observed that when the period extends for over 7 to 10 days after the pink spray is applied scab infections will occur during wet weather unless a bloom spray is applied.

Give Control Measures
Where wettable sulphur, sulphur ferbam or lime sulphur was used in the pink spray, a bloom spray is needed 10 to 12 days after the pink spray. The county agent's office recommends using flotation sulphur paste, 12 pounds to the 100 gallons, or eight pounds of a 70 per cent type sulphur paste per 100 gallons. Where improved finish spray was used (mercury-Crag or captan 50-W) in the pink spray, a bloom spray will be needed seven to 12 days after the pink spray. Use of captan 50-W (406), two pounds per 100 gallons, or Crag 341 plus lime, plus mercury, was recommended.

Blossom blight caught by fire blight can be reduced and scab protection obtained by applying a 2-6-600 Bordeaux when 75 per cent of the blossoms are open.

With peach advanced near the petal fall stage, the county agent recommends using 12 pounds of flotation sulphur or eight pounds of 70 per cent sulphur paste plus one pound of 50 per cent wettable powder DDT per 100 gallons of spray. The spray is to be applied when 90 per cent of the petals are off the trees. The wet weather, according to the county agent, has been favorable for blossom blight in peach. Stink bugs and plant bugs are active in the peach orchards and the petal fall spray will "materially reduce catfacing resulting from injury by these insects."

Give Space to Eat — As baby chicks grow and need more space many poultrymen provide three sizes of feeding equipment, report Penn State extension poultry specialists. A 24-inch feeder will accommodate 40 to 60 day-old chicks, with double that space at two weeks of age, and hen hoppers at 5 to 6 weeks of age.

1954 Pa. Farm Show Set For January 11-15

The State Farm Show Commission has set January 11-15, Monday through Friday, as the date for the 1954 Pennsylvania Farm Show. The time is the second full week in January.

Following a review of architects' plans for a long-term series of improvements in Farm Show facilities, the Commission directed that further studies be made for presentation at a later meeting.

J. M. Fry, agricultural extension director at the Pennsylvania State College, was re-appointed chairman of the 1954 Farm Show premium list committee. Other Commission members on the committee are W. S. Hagar, deputy secretary of agriculture, and K. S. Bagshaw, Hollidaysburg.

FARM CALENDAR

When to Cut Asparagus — If you planted asparagus last year, do not cut it this year, and make only light cuttings next year. You will expect your asparagus bed to last 20 years or more. So it pays to develop strong, healthy plants before you make heavy cuttings.

Make Farms Safe — A primary safety rule emphasized by the National Safety Council is "A place for everything and everything in its place." Extension agricultural engineers of the Pennsylvania State College believe that a thorough "Spring Clean-up Program" is a practical illustration of the safety rule.

Recommend Oats Varieties — Ajax, Zephyr, Clinton 59, Clinton 11, and Mohawk are the oats varieties recommended by Penn State extension agronomists for planting this year. These varieties have been widely tested in Pennsylvania for several years and have been found best adapted for conditions in the State.

More Grass for Cows — In the definite trend of recent years toward more grass for cows, silage and hay, as well as pasture, have been included. High-quality roughage saves on the grain bill.

Control Parasites — Control of sheep parasites, both internal and external, is a part of successful flock management. Directions for treatment are available from your county agent.

Save Hay Crop — Insecticides recommended for spittle bug control in the hay field are benzene hexachloride, toxaphene and malathion, reports Henry Monahan, Penn State extension entomologist.

Improve Roadside Market — Clean up all debris around the roadside market and make needed repairs before the new season opens. A coat of paint will help to give a fresh appearance. Flowers, shrubs, and trees will provide a colorful and rural setting.

Varieties for Freezing — Some varieties of vegetables are better than others for freezing. Robert Fletcher, Penn State extension garden specialist, lists these early kinds: Martha and Mary Washington asparagus; King of Denmark and Long Standing Bloomsdale spinach, and Thomas Laxton, Teton, Topper and Little Marvel peas.

Legumes Need Lime — Alfalfa and clover need lime for good growth. They will not grow in a very acid soil, says James Eakin, Penn State extension agronomist. Your county agent can make a lime test, or it can be included in a complete soil test made by the college.

LEADERS WILL MEET FINE ON REVISION BILL

By BEN FRENCH

HARRISBURG (AP)—House leaders today planned to confer with Gov. John S. Fine on what steps to take now on the whittled-down constitution revision bill passed by

disease of black raspberries. Allen Bauer, Penn State extension plant pathologist, explains it is caused by a fungus which begins to spread soon after new shoots appear.

the Senate.

"It's the governor's No. 1 legislation this session and I think he should be in on the decision as to what should be done now," Rep. Albert W. Johnson, Republican floor leader, said.

The Senate rejected Fine's own plan to rewrite the 80-year-old basic law by passing a bill yesterday calling only for a statewide referendum on the question in the November general election. Provision for holding the convention next January, if the voters agree, was stripped from the House-passed measure by a Senate committee.

Senate Democrats strenuously objected to the bill in its present form, calling it "a farce and a fake." The 27-15 vote closely followed party lines.

The bill went back to the House

for action on the Senate version. Johnson immediately ordered it tabled until next Monday.

"Actually, I don't know what to do with it now," Johnson said. "If we don't agree to the Senate amendments, the bill falls and we have to start all over again at the next session."

"If we accept the bill as it is

now, we'll still have to wait until 1955 to set up machinery for holding the convention," he continued. "Either way it means a delay of at least two years."

Fine, in his message at the opening of the current session—now four months old—called for "prompt holding of a constitutional convention looking toward revision of our 80-year old constitution."

MAY GRADUATE PENALTIES FOR SPEEDERS IN PA.

HARRISBURG (AP)—The House Tuesday considered proposed legislation to reduce the penalty for motorists convicted of exceeding speeding laws by only a few miles an hour.

A bill introduced last night by four Republican lawmakers set up a detailed chart specifying fines and the number of days a driver's license would be suspended upon conviction for speeding. The penalties vary according to how far the driver exceeds the legal limit.

Guaranteed Penalties
Drivers convicted of speeding from one to five miles above the 50 m. p. h. limit would be fined \$10 and have their license taken away for 10 days.

The present motor vehicle code requires an automatic 90-day suspension of driving privileges and a \$10 fine on any speeding conviction.

The length of license suspension would increase rapidly for a second or third speeding conviction. The measure also provides separate penalties for violations on the Pennsylvania Turnpike.

Other New Bills
Reps. Reginald P. Stimmel (R-Lehigh), W. Mack Guthrie (R-Armstrong), Ray W. Greenwood (R-Wyoming) and Edward M.

Young (R-Mercer) are sponsors of the bill.

Other new House bills would: Require all employees of the State Property and Supplies Department to punch a time clock on reporting to and departing from work—Reps. James K. Davis (R-Forest) and Allen M. Gibson (R-Warren).

Appropriate \$50,000 for recruiting and educating teachers of deaf or hard-of-hearing children in the public schools—Reps. Marian E. Markley (R-Lehigh), Mary A. Varello (D-Philadelphia), Josephine C. Coyle (D-Philadelphia), Susie Monroe (D-Philadelphia) and Marjorie L. Munley (D-Lackawanna).

Couldn't Dye Chicks
Prohibit the coloring or dyeing of baby chicks, ducks and rabbits and forbidding the sale of such animals—Rep. Charles J. Mills (D-Westmoreland).

Prohibiting a judge or justice of any State Court from sitting in a case in which he had a personal or private interest—Rep. George X. Schwartz (D-Philadelphia).

Permit the transfer of beer distributors' licenses affected in areas voting dry at local option elections to any other spot within the same county—Reps. John T. Van Sant (R-Lehigh) and Anthony J. Petrosky (D-Westmoreland).

Would Define "Log"
Make the Department of Mines instead of Forests and Waters responsible for administration of funds collected on mining registration fees, forfeiture of bonds, cash securities and deposits—Reps. C.O. Williams (D-Washington) and Stephen McCann (D-Greene).

Require an employer to withhold from a worker's pay any sum set

Navy Planes, Bomb Reds In Eastern Korea

SEOUL (AP)—Navy planes from Task Force 77 bombed targets in Eastern Korea Tuesday to provide virtually the only action in the Korean War.

Gusty winds and grey skies grounded almost all land-based planes.

Only a few patrols moved across No-Man's-Land as truce negotiators met for the third day at Panmunjom.

Observers said both the Allied and Communist armies appeared to be under wraps pending the outcome of the renewed truce negotiations. There has been no official cease fire.

Fighter-bombers from the carriers Valley Forge and Princeton struck targets at Tanchon and Sopo, firing two supply dumps and destroying at least eight trucks. The trucks, pilots said, apparently loaded with ammunition, exploded. They also reported fires were touched off all over the target areas.

Patrol Action
A South Korean patrol clashed with small Chinese groups near the outpost Texas on the Central Front. The Reds reported killing 21 Chinese in two separate skirmishes at dawn Tuesday.

The biggest ground action Monday night occurred on the eastern end of the battle line when a South Korean patrol bumped into a North Korean patrol and reported killing 15 Reds. The Eighth Army reported 46 Communist casualties in light patrol skirmishes during the night and Tuesday morning.

Temperatures hit a high of 85 degrees on the front Monday—the warmest day of the year. Scattered light rain fell across the front after dawn Tuesday.

Fish fillets are good enough for a company supper if they're served with an almond sauce. To make the sauce, melt six tablespoons of butter or margarine in a skillet; add a half-cup of slivered blanched almonds and stir constantly over moderate heat until the almonds are delicately browned. Spoon the sauce over four servings of broiled fish fillets.

ARMY TO QUIT INDIANTOWN

WASHINGTON (AP)—The Army base at Indiantown Gap, Pa., will cease active operations by Sept. 1, the Army announced yesterday.

The reservation will revert to standby status and the Fifth Training Division there will be inactivated. Military officials recently hinted that other training divisions would cease operations in the near future as one means of reducing Army expenses.

The Army said the flow of new recruits to Indiantown Gap has already been halted.

Indiantown Gap was used as a staging and training area in World War II after which it was placed on a standby basis. It was reopened in June, 1951, to meet the Army's need for a pre-Korea training area.

The reservation will continue to serve as headquarters for the Pennsylvania Military District and for summer training of reserves and National Guard units.
